

Request for Quotation: Asphalt Crack Sealing QDC 2013-013

Quonset Development Corporation is seeking quotations for Crack Sealing Repair of approximately 10,000 lineal feet of asphalt cracking. All contractors interested in submitting a quotation must contact Brian Reynolds at 401-295-0044 x246 or BReynolds@quonset.com. Quotations will only be accepted from the contractors that have made a site visit with a staff member of the QDC.

Project consists of but may not be limited to:

- Preparation, cleaning and drying all cracks.
- Installation of a No Tacking / Tracking polymer fiber rubberized crack sealing product.
- Material to meet RIDOT Specification 408.0100.
- Cracks to be flush filled.
- Apply blotting material over sealant.
- Provide traffic barricades in all working areas until area is fully cured and can be driven on.
- Sweeping and cleaning of all debris in work area during and after construction.
